

## Patrons and Exhibitors

You are invited to become a patron or exhibitor at this year's IEEE International Humanitarian Technology Conference (IHTC 2017) to be held in Toronto, Canada from July 20 to 21. The conference will focus on humanitarian of technology in the general areas of technology improving the lives of underserved peoples (including aboriginal or indigenous peoples), technologies for the disabled, health related technologies, humanitarian engineering education programs, and technologies to assist in disaster situations. The conference will feature outstanding keynote speakers, workshops, a student paper completion and per-reviewed papers. We hope you take advantage of the great opportunity for your organization to be showcased in front of our many participants and renowned experts from around the world. There are a number of patronage and exhibition opportunities to cater to your organizations budget and time.
